

Cogmedix Receives ISO13485:2003 Registration from TÜV SÜD America

WORCESTER, MA.--(BUSINESS WIRE)—JUNE 6, 2008 – Cogmedix, Inc, the wholly-owned Medical Device Contract Manufacturing subsidiary of Coghlin Companies Inc., announced today that it has achieved ISO 13485:2003 certification through auditor/registrar TÜV SÜD America.

“The ISO 13485:2003 certification process has been a major business initiative of our company and reflects the organization’s commitment to manufacturing high-quality products for the medical device market,” commented John O’Brien, Vice-President of Cogmedix, Inc. “Achieving this important objective sets Cogmedix apart from many of our competitors and offers our customers a quality partner who is dedicated to helping them achieve their business objectives.”

“Our intention is to provide our customers with the very best in contract manufacturing support and this registration is another step in our plan to have Cogmedix become 21 CFR Part 820 compliant within the next few months” said Chris Coghlin, President and CEO of Coghlin Companies Inc. Cogmedix is located at 70 Hartwell Street, West Boylston, MA.

Columbia Tech, Coghlin Precision, Cogmedix and DCI Engineering Services are subsidiaries of Coghlin Companies, Inc., a family-owned company in its fourth generation of operation in Worcester, MA. Combined, the four companies turn innovative opportunities into commercially viable products. Columbia Tech, Coghlin Precision, Cogmedix and DCI provide a wide range of manufacturing, engineering, machining, welding, and fulfillment services to a diversified group of industries including: semiconductor, medical device, food service, storage, networking, alternative energy, security and military. Columbia Tech is ISO 9001:2000, ISO 13485:2003 and J-STD-001 Registered.
