

FOR IMMEDIATE RELEASE

Cogmedix Announces New General Manager

Industry Veteran Matthew Giza brings FDA compliance expertise to medical and clinical device contract manufacturer

WORCESTER, MASS. - July 1, 2010 - [Cogmedix](#), a US-based, FDA compliant contract manufacturer for medical and clinical devices, welcomes Matthew Giza to the company as General Manager. Giza joins Cogmedix from Zygo Corporation, where he was responsible for business development strategies and strategic relationships.

In his role as General Manager for Cogmedix, Giza will leverage his industry experience and relationships to implement effective growth strategies for both the company and its clients. Prior to his role at Zygo, Giza served as GSI Groups' Director of Worldwide Sales and Services for its optical scanning group.

"The medical device industry is booming and is rich with small to mid size companies that see tangible financial and compliance benefits to outsourcing their FDA compliant manufacturing needs," said Giza. "I'm pleased to join Cogmedix at such an exciting time, and I look forward to helping our clients affordably explore the challenging world of FDA compliant medical device manufacturing with experience and confidence."

Chris Coghlin, CEO of Cogmedix commented, "Matt brings a wealth of experience in business development and leadership to our company. This, combined with his vast experience in manufacturing FDA compliant devices, gives him a strong platform for success and makes him an incredibly valuable asset to our company as we set our sights on significant, compliant growth. Cogmedix currently produces a broad range of innovative medical and clinical devices for its customers incorporating various diagnostic, remote-monitoring, laser-based, and rehabilitation technologies. We look forward to further diversifying and growing our client base under Matt's leadership."

About Cogmedix

Cogmedix is a US-based, FDA compliant contract manufacturer for medical and clinical devices. A subsidiary of Coghlin Companies Inc., Cogmedix focuses on the production of Class I and Class II medical and clinical devices for the critical care, home healthcare, emergency room, and industrial laboratories markets. Cogmedix focuses on aligning itself with companies seeking a compliant, conscientious, cost effective, domestic manufacturing resource to assist them with volume turnkey manufacturing.
