

DCI Engineering Announces Director of Business and Customer Development

Percy Chinoy has been announced as the Director of Business and Customer Development for DCI Engineering, the design and engineering services subsidiary of Coghlin Companies.

Online PR News – 05-May-2011 – Coghlin Companies, a privately held firm specializing in contract manufacturing and time to market services, has announced Percy Chinoy as the new Director of Business and Customer Development for DCI Engineering. A subsidiary of Coghlin Companies Inc., DCI Engineering is an industry leader using flexible engagement options to provide companies and entrepreneurs with product engineering services from multi-phase product development through controlled production. DCI Engineering's core competencies include Program Management, Systems Engineering; Mechanical, Electrical, and Software Engineering; DFM and Manufacturing Engineering.

“Integrated with DCI Engineering Program Managers, the Coghlin Companies and our customers, the new Director of Business and Customer Development position enables us to maximize value to our clients through our understanding of their business, markets, and evolving technologies, enabling delivery on their business goals as we execute high quality product development programs,” said Matt Haggerty, President of DCI Engineering. “Percy brings a great depth of experience in technology product development and strategic business development, which makes him an ideal fit for this role with DCI Engineering on behalf of our clients.”

Mr. Chinoy has 20 years experience leading technology, manufacturing and marketing organizations in the semiconductor and electronics industries. He has worked at companies such as American Superconductor, Chomerics division of Parker Hannifin, Rohm and Haas Electronic Materials and Tyco Electronics, helping to grow their businesses by developing and commercializing new products, developing new markets and strategic alliances, and scaling up manufacturing. Mr. Chinoy has a Ph.D. in Chemical/Electrical Engineering from Rensselaer Polytechnic Institute and MBA from Boston College.

About Coghlin Companies, Inc.
