

Coghlin Companies Hiring to Fill 30 New Engineering and Manufacturing Jobs

WORCESTER, MA, August, 2015 -- Coghlin Companies, a privately held firm specializing in engineering, [contract manufacturing](#), and global fulfillment, has announced they will be hiring to fill more than 30 new engineering and manufacturing jobs. Open positions include software engineers, electrical engineers, test technicians, warehouse associates, project managers and inspection supervisors. Positions are available at Coghlin Companies' subsidiaries Columbia Tech, headquartered in Westborough, and [medical device manufacturer](#) Cogmedix headquartered in Worcester.

"We are seeking talented individuals with the necessary skills to assist us in bringing new client technologies to market faster than ever before," explained Coghlin Companies President and CEO, Chris Coghlin. "Our reputation is built on ensuring our customers' get to market at WARP SPEED. The response has been overwhelmingly positive, and now we're expanding our team of Caring Associates to facilitate the continued growth of our customer base."

Coghlin Companies has already added over 200 employees over the past 18 months, experiencing significant growth in bioscience manufacturing, food and beverage automation, laser assembly, medical imaging and optical manufacturing. The new engineering and manufacturing support positions accommodate continued growth while providing customers with an intimate and efficient experience.
